Dear Sir:

**RE: ██████████ v. ██████████ et al**

**Our File No. 2132.1**

**Your File No. 44214**

**FLD No. 117 of 2006**

**Trial Date: December 18, 2006**

---

Please note our clients reiterate their request to schedule the additional hour of paternal visitation on Thursday morning at the Children's Haven. Our clients ask that yours simply consider that in order to arrive at the Children's Haven on time for the visit, ours must depart Saskatoon at 6:30 a.m. (if the visit(s) are extended to two hours on the existing dates) and the pre-dawn driving is of concern to them for safety reasons. In this regard, you will recall that we conceded in the Court of Appeal that the visits could continue in Prince Albert, such that your clients have been altogether spared the P.A. - Saskatoon weekly round trip which Madam J. Ryan-Froslic had ordered.

In essence, our clients have extended significant consideration to yours by agreeing to keep the visits in Prince Albert. Could you kindly obtain instructions for a Thursday visit, with this in mind? Finally, we note that we are only dealing with a couple of weeks prior to the trial commencement, in any event. We note as well that the Children's Haven normally supervises hourly visits.

We look forward to your response.

Yours truly,

**ROE & COMPANY**
